

S.S. "ADIGE".
=====

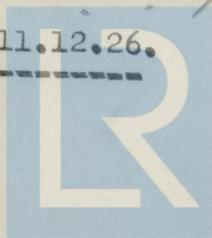

The Annual Survey of the water tube Boilers became due at the end of May last.

The Hamburg Surveyors have forwarded a letter from Messrs. Kauffahrtei A.G. in which they state that the vessel has been taken over by Mr. Victor Schuppe, Berlin and classed with the Germanischer Lloyd.

Messrs. Kauffahrtei A.G. request that the vessel be withdrawn from the Society's Classification.

As it appears that Messrs. Kauffahrtei A.G. are no longer the Owners of the vessel of the vessel, it is submitted the Hamburg Surveyors be requested to ascertain from the actual Owners their intention regarding the vessel's classification.
