

m, 7.57.

The class is subject to one stay tube in centre boiler low furnace being renewed at the present MBS.

2 OCT 1957 4E

Received by Chief Engineer Surveyor.....

Received from Chief Engineer Surveyor.....

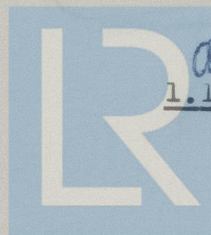

SHIP'S NAME....."APPULO".....REPORT Nap. No. 6448.

MBS due 6.57, partly held 7.57, now completed.

SRL : The above item now dealt with. To be deleted.

Owing to the long distance and pressure of work the Surveyor was not able to attend for adjustment of the Safety Valves. As this vessel holds dual class the valves were adjusted by the R.I. Na Surveyor who has confirmed this.

IT IS SUBMITTED that this vessel is eligible for THE RECORD, MBS 7.57, without special condition.
