Enclosure

20th June, 1950

Dear Sirs,

I enclose for your information a copy of a submission prepared for the American Committee by the Principal Surveyor for the United States in connection with the case of the Steamer "ATHELING". You will observe therefrom that the classification survey was to be completed on the vessel's arrival in Italy, probably at Naples, and I shall therefore be glad if you will ascertain from the Owners and let me know whether further arrangements have yet been made in this respect as information has not come to hand from the Naples Surveyors that the vessel has been submitted to their inspection.

On receiving confirmation from you as to the Owners' intentions, full particulars of the case will be forwarded to the Naples Surveyors.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
GENOA.
