71, Fenchurch Street, E.C.3.

10th December, 1946.

Dear Sir,

H. I have to acquaint you I am informed that the steamer "EMPIRE ANNAN" was handed over to the United States Government at New York in October last, and in the circumstances I shall be glad to learn whether you are able to furnish me with any information in regard to the carrying out of the Boiler Survey which became due at the end of September.

You will observe that the vessel has a Notation of "Examined L.R. 5,46", valid for twelve months, and that the Screwshaft require to be examined at the first opportunity as this has not been drawn since the vessel has come under the Society's supervision.

Yours faithfully,

The Principal Surveyor,
NEW YORK.
