

U.S.A. steamer "PEN^NSYLVANIA SUN".

Class:- ~~100A1~~. with fbd. Carrying petroleum
in bulk

The New York Surveyors report that tanker freeboards have now been assigned under the U.S.A Load Line Act of 1929 by the American Bureau of Shipping.

Freeboard is a condition of the vessel's class.

It is submitted the freeboards given on the attached verification of marking form be approved as complying with the conditions of class, entered on the Certificate of Classification, and the particulars of freeboard and draught be amended in the Register Book.
