

"EKETIAN", "JOSEPH FLINT" AND "A.A. COWAN"

Mr. Pearce of the United Africa Co., Ltd., (Coast Transport Dept., Unilever House, Blackfriars) telephoned today and requested to be informed of the surveys which would be required and of the fees involved in the re-classification of the above three vessels owned by this Company, which have been operating on the West Coast of Africa.

He stated that they had been built to this Society's class which had been allowed to lapse prior to the War.

I promised that we would write today or tomorrow giving this information.

A. E. B.
