Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

23rd July, 1931.

E. Dear Sirs,

With reference to your report No. 3378 on Oil Engines No. 85170 made by Messrs. A/B Atlas Diesel, I have to acquaint you that these have been fitted into the M.V. "MANAPLA", Messrs. Hong Kong & Whampoa Dock Co's Yard No. 691.

The Hong Kong Surveyor states that a 6 BHP Atlas Polar Diesel Engine No. 34388 has also been fitted on board for driving a two stage air compressor No. 24214. This corresponds to the Engine Type E. 1. B referred to in your letter of the 17th January last, the crank shaft for which was approved on the 9th January, and I shall be glad to receive your report thereon as soon as possible.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
STOCKHOLM.
