23rd July, 1943.

Secretary,
Register of Shipping,
London,
EAM.

Sir,

s.s. "KATANGA".

We must acknowledge receipt of your letter of instant relating to the general examination and Free-Survey on the above vessel. She is now on her voyage to Glasgow, where she may arrive shortly.

The Chartering Agents are:

Messrs. Donaldson Bros. & Black Ltd.,
14, St. Vincent Place,
GLASGOW, C.1.

We will have first hand information regarding her destination and times of arrival.

As you observe in your post script, the above repairs may have been attended to before leaving Halifax. The vessel underwent considerable repairs in dry dock, including new tail shaft and propeller. The main boilers had important repairs and were tested by hydraulic pressure. However, whatever is required regarding class maintenance will be attended to on her return to the U.K.

Yours faithfully,
