The Hall Line Ltd.,
Tower Building,
LIVERPOOL.

23rd April, 1921.

Secretary,
Lloyd's Register of Shipping,
Bank Chambers, Albert Road,
MIDDLESBROUGH.

Sir,

S.S. "GANELON".

This ex-German Steamer has been acquired by this
Company and will be coming to the Tees next week.

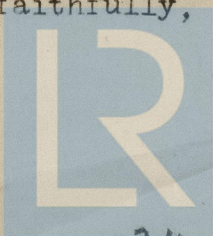

We anticipate she will drydock at South Bank on
Wednesday afternoon next, the 27th instant.

We desire to have this vessel put through a general
examination with a view to being granted a temporary six months
classification with Lloyd's Register, and for this purpose we
feel obliged if you will appoint a Surveyor to inspect
the vessel when in South Bank Drydock on Thursday morning next.

We also desire the Society to give us a Freeboard
certificate for the vessel and trust there will be no difficulty
in this being done while the vessel is at Middlesbrough.

The writer expects to be in Middlesbrough late on
Thursday or Friday morning, and will be pleased to meet your
Surveyor on board the vessel on Friday.

Yours faithfully,
