

FREEBOARD REPORT on the

Ganslow

Swan Hunter & W. Richardson 779

It should be pointed out to the Surveyor that it appears from his report that only the size of the centre for and after is given and the size given is less than the Rule requirement. The size of the side for & afters should be furnished. A copy of the report as amended should be sent and the Surveyor attention be drawn to the corrections required.

made

It is submitted the Freeboards given on the accompanying form being those required by the Tables merit approval, subject to the openings in poop front being closed by W.T. doors as proposed, and the openings at after end of bridge being closed with storm boards in riveted channels at least half height of openings and the hatchway fore and afters being equivalent to the Rule requirements.
