S

Dear Sir,

In reply to your letter of the 19th instant respecting Dunkirk Electric Lighting Report N° 2760 on the motorship "THEOPHILE GAUTIER", we beg to inform you that all the conductors are insulated with vulcanised rubber and that the lamps for illuminating the compass cards are stated to consume 0.33 ampere although the wires are fitted to withstand 7 amperes.

We are, Dear Sir,

Yours faithfully,

The Surveyors,

per:

The Secretary,
London.

Tongon.

The Secretary.

bel:

The Surveyors.

Your obedient servant

We are, Dear Sir,

embarked upon the mission of visiting the various harbours and anchorages of the coast of the island of Tonga, and the results of our mission are now being published in the form of a book, which will be published in the near future. The book will contain a full and complete description of the harbours and anchorages of the island of Tonga, and will also contain a full and complete description of the various islands and reefs of the island of Tonga. The book will be published in the form of a book, which will be published in the near future.

Dear Sir,

In reply to your letter of the 18th inst. regarding the proposed visit of the 1st of December 1926.

Thank you very much for your letter of the 18th inst.

Yours faithfully,

Wm. J. Hall
