0695

Port Winterthur, 29th October, 1928

Eng.Nos.5417-23. Type 6SZ60

M.S. "Theophile Gautier"

This is to Certify that

W.G. Vallis

the undersigned Surveyor to this Society did at the request of Messrs. Sulzer Bros. witness the test carried out a cast iron combined I.P. and L.P. compressor cylinder intended for the main Diesel engines of the Motor Ship "Theophile Gautier".

The cylinder has been tested hydraulically in the cooling water space to 6 Kg. per square Cm., and it was found to be as far as can be seen, sound and free from defects.

For identification purposes the cylinder has been stamped:-

Lloyd's Jacket Test
6 Ats.

W.G.V. 1-10-28

W.G. Vallis

Surveyor to Lloyd's Register of Shipping

Fee: £2-2-0.

Paid at Winterthur.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-

"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default, or negligence of the Surveyors, or other Officers or Agents of the Society."
