The Owners have informed the Society's Surveyors at Kobe that as these vessels are engaged only in the Coastal Trade, it has been decided/withdraw them from the Society's Classification.

In the circumstances the Classing Committee, who had the cases before them on Friday, 7th, and Tuesday, 11th instant, decided to give instructions for the character of each steamer to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.

13th December, 1928.
