Dear Sir,

With reference to my cablegram of the 20th ultimo intimating that the Committee would require a full Special Survey when the steamer "KATRINA" drydocked at Amsterdam, I have to acquaint you that the Surveyors at this port now state that the vessel entered dry dock there on the 5th instant. When attending on board they were informed by the Master and Superintendent that the Owner had decided to bring the vessel under Bureau Veritas class.

I shall be glad if you will kindly confirm this decision by air mail.

Yours faithfully,

Ossian Tybeck, Esq.,
HELSINGFORS.
