25th November, 1947.

Dear Sir,

I have to acquaint you I am informed by the Copenhagen Surveyors that the steamer "ARNAA" has been sold to Messrs. Pargas Rederi & Varvs A/V, Pargas, Finland.

In the circumstances I shall be glad if you will ascertain from the new Owners and let me know what definite arrangements they propose making to submit the vessel to the overdue Periodical Special Survey.

I think it well to add that the inspection in question has been carried out as regards the machinery and that a record of SLMC 8,47 has recently been assigned.

The vessel's class is subject to permanent repairs being carried out, at the Special Survey, to shell plating on starboard side aft; to two top stringer plates in fore peak and to temporarily repaired after peak bulkhead being dealt with; to the starboard hawsepipe being renewed and buckled side plating in way of No.1 hold (port side) being dealt with at the first opportunity; to indented shell plating etc. on port side being dealt with at the first convenient opportunity and to fifteen fathoms of chain cable being supplied.

Yours faithfully,

Ossian Tybeck Esq.,
HELSINGFORS.

Clerk to the
Classification Committee.
