

"FRITZ HUGO STINNES" ex "EASTERN TRADE"

IT IS SUBMITTED the New <sup>Orleans</sup> ~~Orleans~~ Surveyors be informed in reply to their letter that as this vessel was originally built under the Special Survey of this Society, it is not the custom to issue separate certificates for the testing of material. It might be added that the boiler material was made in this country. The tensile strength of the shellplating was 28/32 tons per sq.in. and all other plates of flanging quality 26/30 tons per sq.in.

15. 8. 50.
