LLOYD'S REGISTER OF SHIPPING,

Yokohama, 12th June, 1931.

This is to Certify that at the request

of Messrs. Uruga Dock Co., Ltd,

the Open Hearth Steel Castings named below were examined and tested at their works on the 9th June 1931 and found as far as could be ascertained to be sound and free from defects.

Drop test:- The two muff couplings for rudder head were dropped on to hard ground from a height of 10 feet, they were hammered whilst suspended and gave no indication of defects.

Test Mark	Tenacity T/ sq in	Elongation % in 2	Bend
N 2289	30.9	22 %	120°

These muff couplings are intended for the M.V.
"KATSURAGI MARU" and have been stamped as follows:-

N 0374

A. W. Glaslan

Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
"While the Committee use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Committee nor the Society are under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society or for any error of judgment, default, or negligence of the Surveyors, other Officers or Agents of the Society."
