NEWCASTLE ON TYNE.

Dear Sirs,

NO. 591 SHIP - STEERING CHAINS.

We enclose herewith our certificate in respect of the testing of the steering chains fitted on board the above vessel.

We regret that owing to an oversight, your Surveyor was not advised of our intention to test these chains on our own premises and, as a consequence, he was not present when this was done.

We trust that under the circumstances, you will be agreeable to accept these chains as meeting the Society's requirements, observing that whilst the Rule size of the steering chains for this vessel is 3/8" diameter, they have actually been fitted 5/8" diameter.

Yours faithfully,

Lloyd's Register
