

AUG 26 1937

# Lloyd's Register of Shipping.

## INTERNATIONAL CONVENTION 1930 RESPECTING LOAD LINES.

### RENEWAL SURVEY IN ACCORDANCE WITH ART. 14 OF THE CONVENTION.

(Port) Kobe.(Date) 19th July, 1937.I have to report that I have surveyed the Steel(Chinese)s/s "SING HO" of Tsingtao O.N. 1758.

on this date.

I have compared the arrangements on board the ship with the requirements of the Convention ~~those given in the original freeboard paper~~ and I have found them to be reasonably in agreement therewith or equivalent thereto, and the whole to be in efficient condition.

The vessel has been examined in dry dock at this time and the whole of the requirements for the 2nd Special Survey No.1 have been carried out.

The hatchways, coamings, hatches, wire lashings, cleats, tarpoulins and fittings have been specially examined and found in good condition.

The freeboard marking has been verified and found to agree with the freeboards given on certificate No. 8161 (Provisional) dated 22nd July, 1935,

which is returned herewith. together with old certified copy of provisional Certificate dated 17th May, 1933.

timber freeboards have also been assigned in accordance with the Secretary's cable dated 13th July, 1937. See Report C 11 attached hereto.

Verification Report C 12 (b) attached hereto and a provisional Certificate has been issued as per copy attached.

Y. Go.  
Surveyor to Lloyd's Register.
