28th October, 1946.

Dear Sir,

H. I am in receipt of your memorandum of the 21st instant respecting the motorship "VIRGEN DE LA ESPERANZA", the contents of which are noted.

I shall be glad to learn, however, within what time it is anticipated the new Krupp engine will be fitted, as if this is not to be done within a short time it is considered that the existing engine should be submitted to the overdue Modified Survey.

Yours faithfully,

Clerk to the  
Classification Committee.

F. Larrucea Esq.,  
BARCELONA.
