Referring to my letter of the 30th ultimo enclosing copy of one dated 23rd September from the War Shipping Administration advising that the above named vessels are to retain their class in this Society, I now enclose a further letter dated 17th instant from which you will observe that these vessels are already classed by the American Bureau of Shipping and are to remain so classed.

I regret, therefore, that it will be necessary for the Committee to take the usual action in these cases.

I am, Dear Sir,

Yours faithfully,
