Lloyd's Register of Shipping.

INTERNATIONAL CONVENTION 1930 RESPECTING LOAD LINES.

RENEWAL SURVEY IN ACCORDANCE WITH ART. 14 OF THE CONVENTION.

(Port) Helsingfors
(Date) 19th April 1938

I have to report that I have surveyed the Steamer
"Olava" of Helsingfors O.N. 658
on this date.

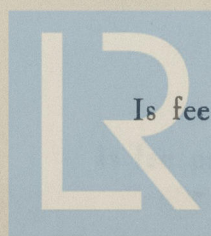

I have compared the arrangements on board the ship with those given in the original freeboard report and I have found them to be in agreement therewith or equivalent thereto, and the whole to be in efficient condition. *The special survey No. 2 has now been completed. Please see the 1st report No. 1513 and the attached freeboard verification form Rpt. C12(a).*

The freeboard marking has been verified and found to agree with the freeboards given on certificate No. ✓ dated 3rd July 1934 which is returned herewith.
