## INTERNATIONAL CONVENTION 1930 RESPECTING LOAD LINES.

### RENEWAL SURVEY IN ACCORDANCE WITH ART. 14 OF THE CONVENTION.

(Port) Helsingfors  
(Date) 16 June 1934

I have to report that I have surveyed the Steamer  
"Otava" of Helsingfors O.N. 685

this date.

I have compared the arrangements on board the ship with those given in the original freeboard report and I have found them to be in agreement therewith or equivalent thereto, and the whole to be in efficient condition.

*Please see the attached freeboard certification form Rpt. C. 12 (a). The special survey has been held now at Helsingfors.*

The freeboard marking has been verified and found to agree with the freeboards given on certificate No. 23 Decemb. 1932 which is returned herewith.

*Not recd 2/1*
