

Extract from the Helsingfors Classing Letter dated 19.12. 50.

2512 "AINO NURMINEN" Your Recommendations in regard to boiler repairs are noted, but as the postponement granted by the Committee for completion of the Special Survey expires at the end of the present month, it has been thought well to withhold assignment of the record of BS 10,50 recommended by you in the meantime pending completion of the full Special Survey on machinery and boilers.
