REPORT Cpn. No. 12082

The remarks of the Chief Engineer Surveyor are desired on this case for the consideration of the Classing Committee.

("The endorsement to contain a succinct summary of any repairs that have been required and to show the cause or causes of such repairs, and also to bring out clearly any exceptional features in connection with the case, so that the Classing Committee may have all the salient points presented in the endorsement."—Extract from Sub-Committee's Report, 24/5/92.)

ature of Survey ~~REPAIRS TO ENGINES AND BOILERS DUE TO DAMAGE THROUGH~~

This ex-German vessel was built in 1925.

A General Examination of the machinery has been carried out with the exception of an examination of the electrical equipment. The screw shaft has not been examined but a record of examination is in the log book for 7.45.

The last Boiler Survey record is for 7.45, and the Surveyor states that the Owners propose to submit them for survey shortly.

IT IS SUBMITTED that this vessel will be eligible for the Record "Examined L.R." when the electrical installation has been examined.
