Survey Due..... Boiler Survey due 6.41

In August 1940 the Wellington Surveyor stated that this vessel had been taken over by the Navy Board, and fitted out for minesweeping duties.

In the circumstances particulars of the vessel's ownership were deleted from the Register Book, pending further information.

No further news has come to hand regarding the vessel, and as she is not carrying out the service for which she was built (i.e. Ferry Service), IT IS SUBMITTED for consideration whether all particulars should not be omitted from the forthcoming reprint of the Register Book.

Committee's Minute..... TUES. 6 APR 1943

Decision.....

Omit all this in reprint.
