Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

9th November, 1938.

Dear Sir,

I am in receipt of your letter of the 19th ultimo respecting the steamer "MURITAI" and note your remarks.

With regard thereto I think it well to inform you that the nature of the cracks in steel, i.e., whether transcrystalline or intercrystalline in character, can only be ascertained by microscopic examination of prepared specimens.

I therefore await the receipt of the samplerivets which you have forwarded to this Office, and may say that I have written further in the matter to Mr. A.J. McCowan today, from whom you will doubtless be hearing in due course.

I am, Dear Sir,

Yours faithfully,

Clerk to the  
Classification Committee.

George D. Lidgett, Esq.,

WELLINGTON, N.Z.
