Port of Registry \_\_\_\_\_

Survey Due Special Survey (C) due 8.46. Boiler Survey due 6.47.  
Permanent repairs are required to fire damage on completion of voyage.

Action has been deferred from time to time and in January last the Lisbon Surveyor was informed that the Committee would be agreeable to a further extension of class for 6 months provided the vessel was generally examined and efficient temporary repairs effected to the fire damage and the Boiler Survey held.

In reply to further enquiry the Lisbon Surveyor now states he has been informed by the Owners that this vessel is laid up at Lisbon pending negotiations for sale or scrapping.

*Submitted a notation of "Laid up pending Survey" to be made in the R.B. The Owners should be requested to inform any intending purchasers that all Surveys are overdue.*
