H. Dear Sirs,

I beg to acknowledge the receipt of your letter of the 15th instant respecting the motorship "EMPIRE GRENFELL". I may say that the outstanding items in this case are as follows:-

A bower anchor to be supplied  
and the machinery spare gear  
completed by the supply of connecting  
rod top and bottom end bearings,  
when the present state of emergency  
has passed.

Hatch covers at second deck and  
cargo battens to be fitted at the  
first opportunity.

There are of course no periodical surveys due on this vessel, but it is concluded that you will desire the oil engines to be dealt with under the Continuous Survey system, in which event about twenty-five per cent of the main and auxiliary machinery should be submitted to inspection annually.

I am, Dear Sirs,  
Yours faithfully,

pro Secretary.
