UNITED WITH THE BRITISH CORPORATION REGISTER

71, Fenchurch Street, E.C.3

27th October, 1952.

Dear Sir,

I am in receipt of your letter of the 15th instant respecting the Boiler Survey of the Steamer "TEWFIK", the contents of which are noted. According to the Shipping Papers the vessel has been at La Maddalena (Sardinia) since the end of July with boiler trouble but repairs are not being carried out under the inspection of the Society's Surveyors. I think it well to call your attention to my letter of the 29th April last regarding this case, from which you will note that postponement of the Special Survey until the end of the present month has been approved, and in the circumstances I shall be glad if you will get in touch with the Owners and let me know within what definite time it is anticipated the vessel will arrive at a port where the Society's Surveyors are stationed with a view to being submitted to the Special Survey and Boiler Survey.

Yours faithfully,

Clerk to the  
Classification Committee.

C. R. Maplestone, Esq.,  
ALEXANDRIA.
