Lloyd's Register of Shipping
Alexandria.

Dear Sirs,

s.s. "TEWFIK"

We understand that the vessel in margin came due for special survey the end of October, 1951, that she has been given an extension until May, 1952 after general examination. As the Owner has further cargo commitments and the vessel apparently made three Annual Surveys, October, 1947, February, 1950 and in May last, would it be possible for the vessel to take full advantage of the Year of Grace, if she is submitted to the requirements of a further Annual Survey before the end of May.

Kindly let us have your views in the matter at our earliest convenience, and very much oblige.

Yours faithfully,

(sgd).....

ABDULLA FAZIL ARAB & CO.
