Lloyd's Register of Shipping

UNITED WITH THE BRITISH CORPORATION REGISTER

Port NEW YORK

August 5, 1953

C-9313

This is to Certify that

D. DAVID DICK

the undersigned Surveyor to this Society did at the request of Bethlehem Steel Company, attend at their Arlington, Staten Island Plant on 8th June, 1953, and subsequently, for the purpose of examining and witnessing tests on one (1) Solid Type 6 Bladed Bronze propeller constructed under Order No. G.U.B. 1325, and stated to be for 29,000 Ton Tanker, Hull No. 1635, Bethlehem Steel Company inspection requisition No. U.B. 66433 to Lloyd's Register of Shipping.

Test coupons removed from the propeller, on being subjected to physical tests gave the following satisfactory results:

TENSILE STRENGTH
66,400 P.S.I.

ELONGATION
36-1/2%

On completion of machining, the propeller was examined, hammer tested, and found to be sound and free from surface defects.

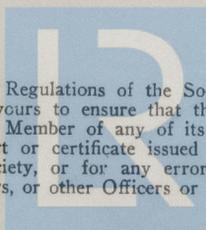

For identification purposes, the propeller has been stamped as follows:

LLOYDS D3
4446
8-3-53

Sgd. D.D. Dick
SURVEYOR TO LLOYD'S REGISTER
OF SHIPPING

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—
While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
