THE BRITISH CORPORATION REGISTER OF SHIPPING AND AIRCRAFT

HEAD OFFICE — 14 BLYTHSWOOD SQUARE — GLASGOW

MCS "COPPER CLIFF"
NEWCASTLE ON TYNE
Report No. 102305

December 1, 1943

The Undersigned E. FAULDS, surveyor to this Corporation did, at the request of Messrs. Barclay, Curle & Co. Ltd., attend their works at Glasgow on September 4, 1943, and on subsequent dates, to survey during construction one four cylinder triple expansion surface condensing steam engine, designated works No. E.W. 150.

The material was tested by the surveyors to the British Corporation Register and Lloyd's Register.

The engine has been constructed in accordance with the requirements of the Rules and the approved Admiralty specification, drawings and all modified requirements approved subsequently thereto.

The identification marks on the crankshaft are as follow:-

B.C.
8910
E.F.
2.11.43

This engine is to be installed in H.M.S. "HEVER CASTLE", which is being built by Messrs. Blyth Dry Dock & Engineering Co. Ltd., Blyth, Northumberland, under Lloyd's Register supervision.
