James A. Anderson, Esq.,  
for the Surveyors,  
Lloyd's Register of Shipping,  
Shell House,  
HONG KONG.

Dear Sir,

S.S. "INCHJURA"

We duly received your letter of 9th August, 1955,  
and note the information that the Surveyors directed you to  
pass on to us. The situation regarding this ship is as  
follows.

We acquired her in India in January and Special  
Survey (after 1 year's G.E. granted to previous Owners) be-  
due in July, 1955, when the vessel was trading at sea on  
Charter, due for re-delivery Hong Kong early August when  
ned to put her through Survey, that being the first  
for such work to be done. On her arrival at Hong Kong  
of re-classification was immediately put in hand.

It is true that for reasons we believe w  
plained to your satisfaction, the ship is being p  
Veritas' Class, but as we mentioned to you before  
ships are with Lloyd's, and we would not like to  
were holding us responsible for a non-compliance  
Society's Rules.

Will you be so very kind as to expl  
which has possibly been misunderstood in L

Yours faithfully  
WILLIAMSON &
