WILLIAMSON & CO., LTD.
HONG KONG.

28th July, 1955.

HFP/CB/2423/55.

J. A. Anderson, Esq.,
Surveyor to Lloyd's Register of Shipping,
Shell House,
HONG KONG.

Dear Sir,

S.S. "INCHJURA"

In view of this Company's future policy with regard to the trading and/or disposal of this ship, we have to notify you that upon her early arrival at this port, it is our intention to transfer classification to the British Committee of Bureau Veritas. We take this opportunity to mention our great satisfaction upon our existing and future policy of registration of the vessels under our ownership with Lloyd's Register of Shipping, and would stress that this change of registration is purely a matter of business convenience, and has no reflection whatsoever upon the high esteem and respect we have always had for Lloyd's Register. It is our hope that we shall increase the tonnage of this Company's fleet considerably as suitable opportunities for purchase or building occur, with the intention that a very sizeable proportion of such tonnage as we require will be placed under the care of Lloyd's Register of Shipping.

Yours faithfully,
WILLIAMSON & COMPANY LIMITED

(Signed) H.F. Pearson
Shipping Manager.
