RECEIVED

Dear Sir,

ANSD.....

The Polish steamer "BIALYSTOK" (ex "Ocean Hope") is under survey at this port and the Owners' representative states that although temporary certificates of classification were issued and placed on board in the U.S.A. when the vessel was built, there is no record of the proper certificates having been supplied.

Would you please inform us if these certificates have, in fact, been issued, and if so, to whom, as the Owners are anxious to obtain them.

We are, Dear Sir,

Yours faithfully,

The Surveyors,
