

30th August, 1918

St. Malo.

35 "MARIE JEANNE" Your letter of the 22nd instant has received the careful consideration of the Committee, and I have to acquaint you that the new work carried out is not considered sufficient to warrant an alteration of the date of build such as is suggested in your letter, but on the circumstances, a record of "Pt. re-built 18" will be made in the Society's Register Book.
