posed to be

marks A proposal to postpone the ~~drydocking~~ ^{Special Survey} until the end of
 y/beginning of August, 1958 was agreed to 20.5.58.

The year of grace for the Special Survey expired at the end
 July, 1958.

On 6th August a request that the Special Survey be further
 postponed for three months until the ship's return to Japan was not
 need to and the Yokohama Surveyors were informed that the Special
 Survey must be held now or the class would be expunged.

A cablegram from Hong Kong now requests that, subject to a
 satisfactory General Examination at Yokohama now, the Committee agree
 a three months extension of the time granted for completion of the
 Special Survey, enabling the Owners to reduce heavy losses since
 purchase and fulfil present commitments with freight assignments to
 shippers.
