24th November, 1953.

Mr. Meikle of Meikle, Tolliday & McWilliam acting for the Owners, has telephoned that this ship is due at Middlesbrough tonight, and that he is proceeding to that port and will contact our Surveyors there with a view to the Metalock repairs to the H.P. cylinder jacket being re-examined on Friday.

He therefore requests that the Middlesbrough Surveyors be advised of the circumstances of the case.
