QUESTION

ANSWER

I shall be glad to receive a reply, as soon as possible, to the enquiry contained in my letter of the 6th August. In June last the Yokohama Surveyors recommended that the ballast pump water end casing should be renewed at Wellington at the end of the voyage in July. No information has been received in this Office to the effect that the above has been dealt with and, in the circumstances, I shall be glad if you can furnish me with any information regarding this matter.
