# LLOYD'S REGISTER OF SHIPPING

UNITED WITH THE BRITISH CORPORATION REGISTER

71, Fenchurch Street, E.C.3

9th July, 1953.

RNC

Classn(S)

Dear Sirs,

m.s. "HOLMDALE"

I have your letter of the 26th June and would remark that so far as this Society is concerned it would not appear that any action is necessary in regard to the Owners' letter to you on the 23rd ultimo.

The position as regards classification is that the ship was last seen in dry dock in June 1952 when a Donkey Boiler Survey was also held.

The Committee would not object to the next Docking Survey being postponed until October and the Donkey Boiler Survey could be deferred for a similar period.

So far as the Load Line Survey is concerned, it is concluded this matter will now be dealt with by the Marine Department of the New Zealand Government.

Yours faithfully,

Assistant Clerk to  
the Classification Committee

The Surveyors,  
WELLINGTON.
