18th June, 1930.

Dear Sirs,

I am favoured with your letter of the 19th ultimo respecting the withdrawal from the Society's classification of your Steamers "HOLMDALE" and "JOHN", and note you are returning the freeboard certificates to the Society's Surveyor at your port.

I need scarcely say that the Committee regret, equally with your goodselves, the necessity of your having to sever your connexion with this Society, but they note with much satisfaction your appreciative remarks regarding the pleasant relationship which has always existed between yourselves and the Society's representatives.

I am, Dear Sirs,

Yours faithfully,

Secretary.
