Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

24th July, 1924.

Dear Sir,

T.

With reference to your report No. 43820 on the machinery for the s.s. "LOUIE ROSE", I have to draw your attention to the fact that, with a heating surface of 3580 square feet, the nominal horse power should apparently be 199 instead of 180 as noted on the report. If this is so, the fee due would be £49.15.0 instead of £45, and you will no doubt collect the difference from Messrs. Ross & Duncan.

I am, Dear Sir,

Yours faithfully,

Secretary.

The Secretary.

GLASGOW.
