Dear Sirs,

I duly received your letter of the 21st instant from which it is noted that the Owner of the steamer "MAIROULA" ex "ALICE MARIE" is now prepared to carry out your recommendations for Special Survey and repairs.

The decision to expunge the vessel's class for reported defects has already been acted upon, but if the requirements of a Drilling Special Survey are complied with, she will of course be eligible for reclassification.

Photostat copies of the midship section and profile and decks plans are being forwarded to you under separate cover today.

Yours faithfully,

Clerk to the
Classification Committee

The Surveyors,
PIRAEUS.

P.S. The plans being forwarded to you are the original and should be returned to this Office with your reports.
