29th April, 1960.

ssn. (H)

Dear Sirs,

S.S. "GENERAL LAS HERAS"

With reference to your letter of the 8th March and previous correspondence, also your Report No. 30581, I shall be glad to learn as soon as possible, for the information of the Committee, whether you now have any information regarding the early and definite arrangements made to complete the Engine Survey and to carry out the Main Boiler Survey, Donkey Boiler Survey and Steam Generator Survey.

I would point out that the machinery class is at present continued subject to the main condenser ferrule being renewed by the end of next June, as recommended in your Report No. 30581.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
BUENOS AIRES.
