LLOYD'S REGISTER OF SHIPPING

Rua de Candelaria 80, 6th Floor,

(Caixa Postal 4481), RIO DE JANEIRO.

12th May, 1962

Dear Sirs,

"ESITO" & "ESTERO"

"NAVEM HEMBURY" & NAVEM MONICA"

We write to acknowledge and thank you for your letters of the 7th & 8th instant, concerning the subject vessels. We trust that our letter of the 5th instant has indicated the position adequately with regard to the "Esito" and we would report that the "Estero", under survey and partly examined afloat, appears to have been badly neglected and we imagine that the appreciable repairs necessary for your Surveyors to recommend reclassification and new survey records will take much more than the anticipated 30 days, which is the Owners' estimate. This may affect the Owners' intentions with regard to the "Esito".

With regard to your letter of the 8th instant, we would report that the Owners of the "Navem Hembury" and "Navem Monica" have been informed of the loss of class to both these ships, in accordance with your instructions.

Yours faithfully,

The Secretary,  
LONDON

E. Howey.
