of class under review.....

Last examination in drydock 5.60.

Main Boiler Survey due 5.61.

Donkey Boiler Survey due 5.61.

Outstanding items
(if partly held).....

Postponements
already agreed

The case has received the consideration of the Committee from time to time. On 8.12.61 postponement of drydocking and Boiler Survey until 1.62 was approved. On 26th January last the Committee agreed to the Main and Donkey Boiler Surveys being deferred until the end of February, 1962 provided that both surveys were then held in their entirety. On 11th March the Rio de Janeiro Surveyors cabled that the ship was arriving at that port for Docking and Boiler Survey on the 20th of that month.

New proposal.....

The Rio de Janeiro Surveyors write that the ship is expected to come under survey by about the 24th March.

Ship 27 years old.

Submitted action be deferred for a short time pending further information.
