re: RIO DAS ANTAS".

th further reference to my letter of yesterday's date
ng the above named vessel it is now learned that the
only called at this port for a few hours in passing from
to Recife with a cargo. It is further learned that this
together with the "Lloyd 'Cuarto'" will be put up for
at the end of this month.

prospective buyer - Mr. D. Morgan Hackman - of Buenos
lled at this office today, to request that the vessels
lined in class for several weeks. He states that he is
erested in the vessels if a full reclassing survey is
for and I assured him that if the outstanding surveys
ried out within the next ~~few~~ few weeks that both vessels
ceive the appropriate records.

stating that the action taken meets with your approval.
