

WOKINGHAM COPY.

S.

1st December, 1944.

Dear Sir,

S.S. "EMPIRE FULHAM"
Liverpool Report No. 121874.

With reference to the above mentioned report I have to say it is concluded the 6" x 3" x .30" angle stiffeners on the centre line bulkhead are spaced 21" apart as approved and not 31" as reported, but I shall be obliged if you will request the Surveyors to confirm this.

I am, Dear Sir,
Yours faithfully,

Clerk to the
Classification Committee.

The Secretary,

LIVERPOOL.
