Dear Sir,

M.V. "KATOORA"

In reply to your Classing Letter of the 12th. instant, I have to confirm that all independent and attached pumps on this Vessel have now been opened up, either at the Original Survey held at Townsville or by myself during a confirmatory survey in March, 1953.

Before issuing the Classing Certificates, I would point out that the confirmatory survey was held at Mourylyan Harbour and not at Brisbane as stated in our Report No. 6398 dated 20.4.53.

Please advise whether it will be in order for me to make the necessary alteration.

Yours faithfully,

*R. North*  
Surveyor to Lloyd's Register.
